DUVAL AUDUBON SOCIETY

*Serving Clay,
Duval and
Nassau Counties
Since 1939*

Membership Benefits

National Audubon Society

“You are what hope looks like to a bird.”

Inside the National Audubon Society are twenty-three state programs, 41 centers, 450+ local chapters, many events and free learning opportunities. Your support for Audubon funds a well-integrated program of science, advocacy, education, and on-the-ground conservation. Your support makes it possible for Audubon to stand up for birds, defending the clean air, clean water, healthy habitat, and stable climate they—and we all—require.

We're in a race against time — to give birds a fighting chance in a changing world. Your support will help secure the future for birds at risk from climate change, habitat loss, and other threats.

Duval Audubon Society Membership Benefits

Connecting People with Nature Since 1939

Founded in 1939, Duval Audubon Society represents approximately 1,300 members in Clay, Duval and Nassau Counties who are dedicated to the enjoyment and protection of birds and other wildlife. We do this through education, conservation, environmental leadership, and community involvement, and offer a variety of nature outings, educational programs, and volunteer opportunities to help you connect with nature.

When you join Duval Audubon Society, you also become a member of the National Audubon Society as well as Audubon Florida, and your membership supports the efforts of all three organizations. Audubon is one of the most respected conservation organizations in the world, and our local chapter is an all-volunteer non-profit group that works hard to protect important habitat in our area and the bird species and wildlife that rely on them.

All gifts of \$20 or more entitle you to full membership privileges, including a subscription to the award-winning *Audubon* magazine, the *Florida Naturalist* magazine from Audubon Florida, and Duval Audubon's monthly *Observer* e-newsletter.

Why join us? So many reasons...

- You will be a **conservation hero**. Your support directly helps efforts like our new Lights Out program encouraging businesses and homeowners to reduce nighttime lighting to ensure birds safe passage during migration.
- Your **voice will be heard**. The more members we have, the more effective our voices for birds and bird habitat will be.
- You will be **in the know**. Our monthly newsletter will keep you informed about what's going on right here in Duval, Clay and Nassau counties.
- You will **have fun!** Our field trips and monthly program meetings offer a way to socialize, increase your knowledge and have fun in the process.
- You will **feel better**. Research shows that getting out in nature can reduce blood pressure, heart rate, muscle tension, and the production of stress hormones, so join us on a bird walk or volunteer work day.
- Your investment is very **reasonably priced**. You can join Audubon for an initial donation of only \$20. All transactions made through our website are 100% secure and tax-deductible to the extent allowable by law.
- You can **save money**. Discounts for members are available at Audubon sites nationwide.
